Transcriber's Office

April 6, 1998            LB 395, 632, 699, 1166, 1209  
                         LR 480

close on your amendment.

SENATOR BEUTLER:            Senator Kristensen, members of the Legislature, again, just to take a second and get back to the amendment. It's an agreed upon amendment in terms of the various parties concerned with this matter. Cleans up a number of very technical items. The two things that it does that are of some substance is to allow for a different weight to be given in terms of animal units to smaller pigs, and also sets back to September 1, 1998 the subsection applying to permit applications with respect to the new time lines that are to be in effect. So, with that, Senator Schellpeper, did you want to comment any further? With that, would ask for the adoption of the amendment.

SPEAKER KRISTENSEN:    You've heard the closing. The question before the body is the adoption of the Beutler amendment to LB 1209. All those in favor vote aye; all those opposed vote nay. Have you all voted? Please record.

CLERK:            26 ayes, 0 nays, Mr. President, on the adoption of Senator Beutler's amendment.

SPEAKER KRISTENSEN:    The amendment is adopted. Items for the record.
